Professional Summary

Third-year B.Tech Computer Science student at GL Bajaj Institute of Technology and Management (GLBITM) with strong foundation in Frontend Development, Data structures, and AI Automation technologies. Passionate about building scalable web applications and AI solutions.

Technical Skills

- **Programming Languages:** Java, Python, C++, JavaScript, HTML5, CSS3
- **Data Structures & Algorithms:** Proficient in DSA using Java, Problem Solving
- **Gen AI:** GEN AI Tools, Prompt Engineering
- **Tools & Platforms:** Git/GitHub, AWS, Visual Studio Code, Oracle Cloud Infrastructure
- **3D Development:** 3D Modeling Basics, Unity Fundamentals
- **Soft Skills:** Leadership, Communication, Team Collaboration, Problem-Solving, Adaptability

Education

Bachelor of Technology (B.Tech) — Computer Science Engineering

Sep 2024 – Present

GL Bajaj Institute of Technology and Management (GLBITM), Greater Noida

- AKTU Affiliated — CGPA: 7.28 — Current Year: 3rd Year

Senior Secondary Education (10+2)

Aug 2022 – Mar 2024

Jaycees Public School, Udham Singh Nagar (Uttarakhand)

- Science Stream

Professional Experience

Product Engineering Intern

Jun 2026 – Jul 2026

MarTechAdda — Remote

6 Weeks

- Drove end-to-end development of the CRM's Escrow, Milestone & Finance module, building all four core screens — Transaction Dashboard, Revenue Dashboard, Refund Tracking, and Payout Tracking
- Took primary responsibility for the Transaction Dashboard, implementing the ledger view for cash flow, expenditure logging, and customer credit tracking; designed a 5-state Refund Tracking workflow (Requested → Under Review → Approved → Processing → Completed, with a Rejected branch)
- Designed proposed webpage layouts for the MarTechAdda website
- Co-led the CRM build to completion during the integration phase, directing efforts to connect the Express.js server to MongoDB data models, resolve synchronization bugs, and structure global state providers across the app

Projects & Technical Achievements

DBT Aadhaar Seeding Awareness Portal

HTML, CSS, JavaScript

Developed a responsive government-style web portal to spread awareness about DBT-enabled Aadhaar seeding for scholarship disbursement. Implemented features like multilingual support, FAQ system, notice filtering, accessibility controls, and interactive search functionality to improve user experience and accessibility.

Live Demo: direct-bt.vercel.app

Relevant Coursework: Data Structures and Algorithms (Java), Object-Oriented Programming, Database Management Systems, Web Technologies, Frontend Engineering

Certifications & Achievements

- AWS Academy Graduate (AWS Academy) - Cloud Foundations
- Certified AI Foundations Associate - Oracle Cloud Infrastructure (OCI), 2025
- Generative AI Mastermind (OutSkill) — Generative AI Tools & Prompt Engineering
